Inconclusive Determination

Dear: NONCUSTODIAL ATLAS TEST

The Division of Child Support Services (DCSS) is unable to complete the review that you requested on 11/08/2024 for the following reason(s):

- (X) Registration Required, you requested administrative review regarding one or more enforcement actions taken the DCSS in the above referenced case. The DCSS is unable to complete the review. Because the order being enforced is from another jurisdiction, registration of the order is needed pursuant to the Uniform Interstate Family Support Act (UIFSA) prior to continued enforcement. Therefore, the DCSS has suspended enforcement of all past due child support at this time. However, the DCSS will continue to enforce current support.
- (X) Pending Outcome of Court Litigation, you requested administrative review regarding one or more enforcement actions taken by the DCSS in the above referenced case. The DCSS is unable to complete the review due to pending litigation in court. Therefore, the DCSS will not pursue the enforcement action(s) that you have contested.
- () License Suspension, you requested administrative review of an enforcement action taken by the DCSS in the above referenced case to suspend/restrict a professional, occupational, recreational or driver's license. The DCSS is unable to complete the review because the evidence was insufficient to determine whether the failure to pay child support was willful. Therefore, the DCSS will not seek to suspend or restrict your license at this time.
