This Policy Update is to inform IV-D workers of the addition of the **Presum Term Dt** field to the first panel of the **Support Order Detail (SUOD)** screen. This field will display the Presumptive Termination Date, the date which a child support order is presumed to be terminated, when the youngest child who is subject to the order is expected to emancipate.

All Arizona child support orders issued after January 1, 2005 will include a Presumptive Termination Date that is determined by the court, based upon requirements in the 2005 Arizona Child Support Guidelines. The presumptive termination date may be modified by the court upon changed circumstances. Entry into this field will be required for orders that are effective beginning January 1, 2005.
