It has come to Policy's attention that the Hayden cases with partially enforceable debts (combo cases) have issues on them in that they continue to show on management reports even though they have been reviewed by staff and the AG and the judgments on the cases are enforceable.

In order to resolve the issue Policy and SAA has recently developed a new HAYDEN CAAL code to flag the HAYDEN combo cases as reviewed by an AG.

Please flag the Hayden Combo cases after they have been reviewed and validated by an AG with the following code:

M0028 AG REVIEWED - JUDGMENT IS VALID
